

Herberger's Community Day Sale Fundraiser

Valley Preschool will be participating in our annual Herberger's fundraiser again this year. This has proven to be a wonderful fundraiser for our school in the past and has raised money for many additions over the years including a listening center, rock climbing wall, new bookshelves, student lockers, etc. This year we are raising money for new learning center supplies (Science, Reading, Dramatic Play, Math, Writing, etc) and outdoor toys. Many of our toys and activities get worn down after years of use and we would like to replace those in need. We would also like to add new activities to spruce up each center.

The fundraiser is very simple. Our families sell coupon booklets to their friends, neighbors, colleagues, etc for \$5 each. Valley Preschool keeps the entire \$5 for each booklet sold. This year's booklet includes:

- \$10 off a purchase of \$10 or more
- 20% off shopping pass – to use over and over
- 30% off Early Bird Coupon – valid Saturday only from 6-10am
- 11 bonus buys
- 2 web-exclusive offers

The coupons can be redeemed in the store or online on **Friday, November 11 and Saturday, November 12**. There is also a presale where you can purchase the items ahead of time and pick them up after the sale if you are not available to shop on those days. The pre-sale starts on November 6. If you shop the presale, your items will be placed on hold, along with your credit card number, and charged on November 11. You will receive the prices marked for the day of the sale on all your items.

Please return the attached sheet with the number of coupon booklets you would like to purchase. Please include payment for the books with your request. The teachers will give you the coupons at pick-up in your child's folder and you can distribute/sell them how you would like. **Our goal is for each family to sell 5 coupon booklets. This would raise \$1,000 for Valley Preschool!**

As an added incentive, for every 10 coupon booklets sold, that family will be credited with one VP maintenance hour. For example, if your family sells 20 coupon booklets, you will receive 2 VP maintenance hours.

We also need a volunteer to sell coupon booklets in the store for a two-hour shift during the daytime before the sale. This lets Valley share in the profits from booklets purchased in the store for Community Day. Please contact our volunteer coordinator if you are interested at Stephaniekapfer@aol.com or 351-9538. This time will count toward your maintenance hours if you would like and the dates and times are flexible.

Thank You!
