

## Directions for *Meet My Family*

We are making a class book to put in the reading corner at school. The kiddos love reading their page, along with their friends' pages. It also brings a sense of home to school and can be very comforting to those who miss mom or dad throughout the day. We will keep it for the year and you will get your page back the last week of school.

Please have your child write their name on the top line. Glue a photo(s) of your family in the correct spot. Pets are welcome if you'd like! Write the first name of each family member in the box below the picture. Feel free to make a copy if your child lives with two different parents/families and fill one out for each.

**Please bring back on the FIRST DAY OF SCHOOL!**
